CHAMPIONS STIR UP BOWLING LEAGUERS

Trounce Minor Records and Tie Double Leaders; Unger Leads Singles.

By Leased Wire to The Tribune. DETROIT, Mar. 5 .- Chicago, in th shape of Big Jim O'Leary and a special trainload of bowlers to the number of 110, took charge of the tenth annual tournament of the American bowling congress and the records began to shake almost before the first drives. Early in the day

before the first drives. Early in the day
the minor records were trounced, although in the doubles the leaders were
aly tied by Zimmerman and Campbell of
South Bend, Ind., who equaled the 1293
of Cook and Crewson of Urbana, O.
In the singles, however, Max Unger,
a Cleveland man, turned the trick of relegating George Oakey to the rear, the
new leading mark being 649, seven pins
above the Madison man's two-day record. Unger's contribution proved a good
one, with a whirlwind finish of 241 for
the honor of passing the Badger expert.
H. C. Albertson of Des Moines notched
651 for a temporary sixth place also during the day, and Will Sage is now the
high Chicagoan, being in ninth place.
Standing in tourney: ing the day, and with high Chicagoan, being Standing in tourney Five-Man.

Coach Dimon Resigns.

By Associated Press.

COLUMBIA, Mo. March 5.—It was snounced last night by the athletic committee of the University of Missouri that the request of Edward Dimon, former Princeton quarterback that he be released from his contract to coach the Missouri eleven next fall, had been granted.

Dimon was secured to tutor the Missouri team soon after Coach Roper returned to Princeton. Recently he asked to be released from his contract, stating that business complications in Philadelphia forced him to take the step.

Wasatch Defeats Provo.

Special to The Tribune.

HEBER March 5.—The Wasatch high school defeated the B. Y. U. second team here tonight in a sensational basketball game by the score of 34 to 22. When the was called for the second half the teams were tied with 32 points each and extra time was called for to decide the tie.

Farman, father of the biplane, Wilbur and Orville Wright, Glenn Curtiss, Bleriot and other men prominent in the aviation world may be forced to pay attention to P. E. Gillett, a Salt Lake resident, who has completed the working model of an atriship that is entirely different from any acropiane yet known to the scientific world.

Mr. Gillett, who has been working upon flying-machine models for more than twenty years, has at last completed an aeroplane that is decidedly original. Gillett is in no danger of being sued for infringements on patents held by the Wrights and others for, with the exception of the propellers, Gillett's car is distinctly new and unique.

The above picture is the reproduction of a sectional drawing of Gillett's perfected

DROBACH-HILL TEAM WINS SIX-DAY RACE

By Associated Press.

BUFFALO, N. Y., March 5.—The Drobach-Hill team won the six-day blcycle race, which ended at midnight. The Demara-Stein team was second and the Bedell brothers, third. The men rode ten hours daily for six days, covering 1353 miles and eight laps. John Bedell, Hill and Demara fought out the final sprint for their respective teams. Bedell was leading by a narrow margin when he fell. Hill won by five lengths from Demara.

AERO CLUB ANNOUNCES ITS BALLOON CALENDAR

By Associated Press.

NEW YORK, March 5.—The Aero Club of America today completed the calendar for balloon races for the season of 1910. It is as follows.

July 5 and 6.—Air Craft club of Peoria (provisional).

August 12.—Aero club of Indiana, Indianapolis; race A, for balloons in classes 1. 2. 3, of the Federation Aeronautique Internationale rules, 600-2200 cubic meters capacity; B, for balloons in classes 4 and 5 of the Federation Aeronautique Internationale rules, 1260-2200 cubic meters capacity.

internationale rules, 1200-2200 cubic meters capacity.

September 17—National championship balloon race from Indianapolis. The pilots making the three best records in this race will be considered nominees to represent the United States in the international balloon race for the Gordon Bennett cup. This race is only open to pilots of the Aero Club of America and to balloons of 2200 cubic meters capacity.

The first place on the team is reserved for E. W. Mix, winner of the international race of 1902.

The international balloon race will start October 17 from St. Louis. The entries up to date include three balloons each from France, Germany and the United States, two from Switzerland and Italy, and one each from Great Britain and Denmark.

BLUEROCK SHOOTERS AND RIFLE MEN MEET TODAY

The Salt Lake Gun club will hold a bluerock shoot at the traps today, the shooting to start at 10:30 o'clock. All members are asked to attend and the public is invited also. There will be several visitors from the east present, among them Harvey McMurchey of the Hunter Arms company. McMurchey is a crack trap shot and will show the boys how easy it is to break targets. There will also be present "Winchester" Cummings, who has come to Salt Lake City to live for at least one year, and if he can get along with the Hotair club he may remain here longer.

President Dorsey Burgess will be at the club with his 20-gauge guns, and says he will try to make a clean score for twenty-five birds.

The riffe boys will also be present to practice over the range.

DEER HUNTERS MUST PAY A HEAVY FINE

State Fish and Game Commissioner Chambers received word Saturday from Sevier county that Warden Byron Hanchett had arrested three men for shooting deer. Hanchett has been on the track of these men for the past four months, but not until last week did he have the pportunity to "bag" his game. Each man had killed a deer and was fined \$100. In any other state in the union the same offense would have cost the violators not less than \$500.

Mr. Chambers said that he has given his wardens instructions to camp on the trail of all violators. Chambers has a long list of names of people who are said to be fish and game violators, and says that he will never rest until he has caught them all. All violators are placed on the "blacklist."

MALLOY DISCOVERS BOXER WHOM HE WILL MATCH

Special to The Tribune. Special to The Tribune.

PARK CITY, March 5.—Andy Malloy says that he has discovered a 138-pound boy who can put it all over Peter Sullivan, and he is willing to match the unknown against Sullivan at any time or place for a suitable side bet.

Jack Rogers has arrived here and is doing hard work to get in shape for his twenty-round boxing contest with Tim Crowley, scheduled for March 12. Both men are now in the best of condition, and, as they box at catch weights, they will enter the ring at their best. The miners are backing Crowley to win.

NEW YORK AMERICANS

By Leased Wire to The Tribune. NEW YORK, March 5.—Hal Chage and a delegation of the New York players of the American league left today on the Pennsylvania railroad for Athens, Ga., where they will train for the baseball season. The Yankees begin work Monday morning under the leadership of George Stallings.

Ban on Basketball.

Japs Pay Fine.

Warden John Williams of Milford county, arrested two Japanese flahermen last week who were caught without the necessary state documents, and were fined \$25 each for trying to beat Commissioner Chambers out of the fish and game license fee. The Japs paid the fine and said that in the future they would be more careful. They were given a copy of the fish and game laws and were asked to read it carefully. By Leased Wire to The Tribune.

Richard R. Lyman Issues a Bulletin on Good Roads

Joseph Howell, Utah's representative in the lower house at Washington, D. C. and Prof. Richard R. Lyman of the department of civil engineering. University of Utah. have begun a vigorous and extensive campaign in the interest of good condition. It shows that in specifically and the state of Utah. Professor Construction and Maintenance of Earth Roads." In this article it is pointed out that payements of various kinds, and, in fact, gravel roads also, are so expensive that an extensive system of roads throughout the state of any one of these cannot be constructed. The entire article is an argument in favor of building roads of ordinary earth, and keeping them in good repair before any very general effort is put forth to construct had? This article has been gotten out by the experiment station of the University of Utah. This article also been gotten out by the standard cross-sections fixed by law by the last legislature are given, the details of a comparatively small cost, earth roads can be kept nearly always in good condition, and the remainder of the time in fairly good condition. The surface is smoothed after each fit the surface is smoothed after each fit the surface is smoothed after each of the surface is smoothed after each of the actual which is a cheap did king and the constructed set forth in the formore the arguments is that which should be adopted first. In order to reinforce the arguments set forth in the builetin above mentioned Mr Howell has obtained 2000 copies of a booklet issued by the department of agriculture, entitled "Title Loads" that the builetin sent of the lime in fairly good condition. The statement of agriculture, entitled "Title Loads" the Split Log Drag on Earth Condition in the constructed the purpose of convincing the people that his method of road construction is that which should be adopted first. In order to reinforce the arguments set forth in the builetin above mentioned Mr Howell has obtained 2000 copies of a booklet issued by the department of agriculture, entitled "Title Loa

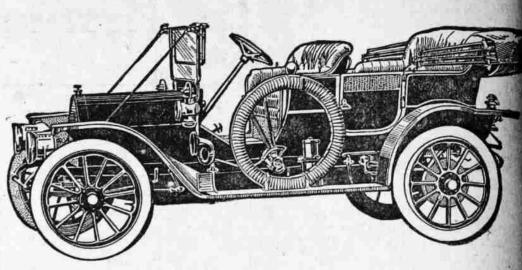

Rob Room While Baby Sleeps

their time in searching the room, despite the fact that Mr. and Mrs. Weller were Bell Main 5200

peacefully siept, burglars ransacked the sleeping apartment Saturday night shortly before 16 o'clock and carried away jewelry valued at about 350.

Mr. and Mrs. Weiler were sitting in the kitchen when the burglars entered the boundoir, where the child lay sleeping, and commodes upon the floor. A light was burning in the kitchen, but the thieves were evidently not at all nervous and took their time in sarching, the contents of the dresser and commodes upon the state of the contents of the dresser and commodes upon the state of the burglars.
